

HUMANITY FIRST USA **GIFT OF HEALTH**

ABOUT GOH

- No one should suffer or die of **curable diseases** or descend into poverty to cover their healthcare costs. Yet, for billions of people around the world, **treatable illnesses can be a death sentence.**

ABOUT GOH

- According to the World Health Organization, fewer than half of people worldwide receive adequate healthcare. When healthcare is available, it's often unaffordable, pushing **100 million people into poverty** in just a single year.

ABOUT GOH

- Humanity First USA is dedicated to developing sustainable healthcare infrastructure to improve health and access for underserved communities. **We have served 440,000+ since 2016.**

MEDICAL MISSIONS

- Setting up medical camps providing free medications and general medical services in some of the world's most underserved communities.
- Volunteers are given the opportunity to have a hands-on experience with global health issues in rural communities.
- Medical team comprised of experienced healthcare professionals and passionate students from HFSOs.

**Thursday, September 25, 2025
7:30 PM - 8:30 PM at Roger Bacon # 202**

Political Science Dep. invites you to a presentation by Br. Jacek Orzechowski, OFM and a facilitated conversation about the world, our future and how to face them with courage.

For twenty years, Br. Jacek has been involved in efforts around climate justice, and accompanied the nonviolent struggle of the Palestinian and Jewish people for human dignity, justice and peaceful coexistence.

The event is co-sponsored by: Political Science and International Relations and
